

# Safe Thus Far

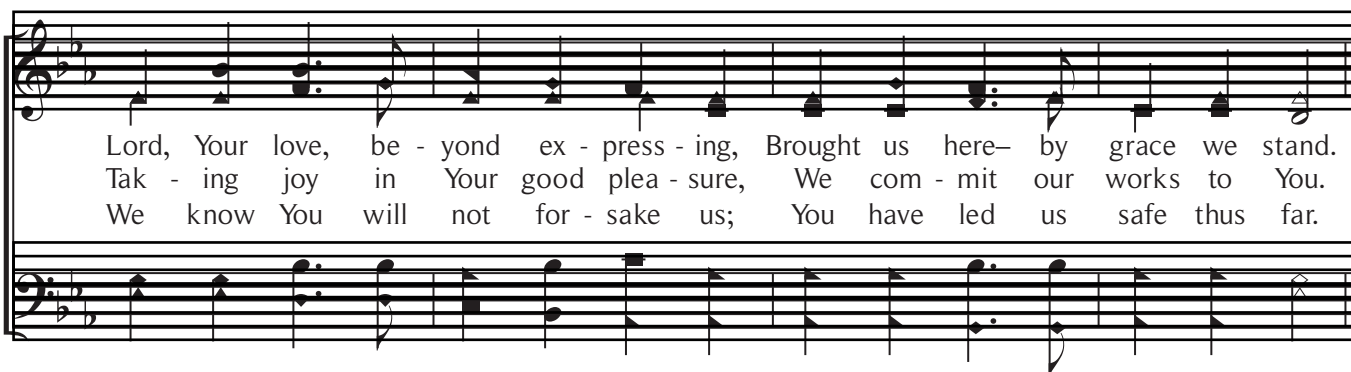

1. On this day of calm re - flec - tion, We lift up our hearts in praise;  
2. Now we see the work a - round us: Walk - ing worth - y of Your call;  
3. Down the path that lies be - fore us Mor - tal eyes may not yet see;

We are here by Your pro - tec - tion, Guid - ed safe - ly through our days.  
Opp - or - tun - i - ties sur - round us; Serv - ing You de - mands our all.  
Yet Your prom - i - ses re - store us: Where You are, there we shall be.

Look - ing back, we see Your bless - ing Through the years Your care has spanned;  
Blessed with know - ledge, skill, and trea - sure, We will work with strength re - newed;  
So where - ev - er You may take us, You our guide, our Morn - ing Star,

Lord, Your love, be - yond ex - press - ing, Brought us here - by grace we stand.  
Tak - ing joy in Your good plea - sure, We com - mit our works to You.  
We know You will not for - sake us; You have led us safe thus far.
